Who says only practice makes the master?
Human-oriented interface & operation makes a **NATURAL MASTER.**
◎ E-Map

Self-add cameras onto the imported E-map to easy get your target video & realize easy device management.

◎ Pic Channel function

More intuitive and memorable device list (Pic Channel function) makes operation and management more convenient and efficient.
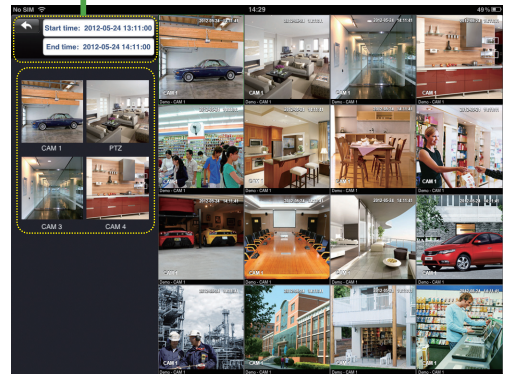

◎ Window Switch Function

Support window slide function to **easy switch** the window positions at your will.

◎ Preview & Playback

▲ Preview

▲ Playback - Search Engine

• Max. support 16 channel preview & Payback
• Support 1/4/6/9/16 display modes

▲ Playback - Time Bar

Support Playback for different channels, devices (IPCs, domes) and period of time. That the time bar offers three selectable playback units **(5 min, 30 min and 60 min)** makes search more accurate and timesaving.

◎ Task Wheel Function

Just a simple tap ⭐ to add & edit "favorite group"; and a little slide ▣▣▣ to get your "favorite group".
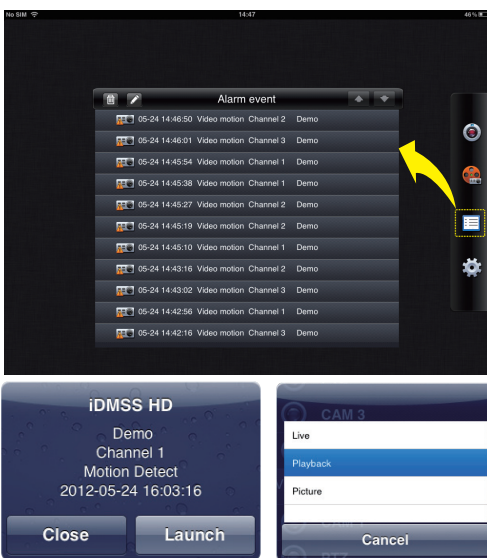

◎ Snapshot

1X 3X 5X

Snapshot: Support **three** snapshot modes **(1x, 3x, 5x continuous shooting)**. With further iPad function, the snapshot can be shared, emailed, copied or directly printed.

◎ Password Protection
